

# Prepare for Athlete Portrait Day This Weekend with Seventy Nine Photography!

Dear Coaches, Athletes, and Parents,

Greetings! My name is Tim, representing Seventy Nine Photography, and we're thrilled to be capturing your athletes' moments this upcoming weekend (April 11th). To ensure a seamless experience, we've outlined some important details for the day.

**QR Codes for Portraits:**

This year, we're excited to introduce a QR code system for our portrait sessions. Parents will receive these QR codes, which contain instructions on how to preorder photos or sign up to be notified when the images are ready for viewing.

**Prepay for Photos:**

For those eager to get a head start, we offer the option to prepay for photos. Please visit our prepay site at [Prepay Here](#) and enter **Lufkin Parks and Rec Spring Soccer** to make your selections in advance.

**Distribution of QR Codes:**

Please note, QR codes will be distributed to coaches only. Coaches, upon your arrival, kindly approach our designated tables equipped with your team and division information to receive your QR codes.

**Portrait Sessions:**

We encourage parents to bring their athletes forward for individual portraits. While we won't be capturing traditional team photos, we plan to creatively assemble team images using individual portraits. This method ensures every athlete has a chance to shine!

**Schedule:**

Attached to this email, you'll find a detailed schedule outlining specific times designated for each team and division. Please review this schedule to know when your athlete should be ready for their portrait session.

**Questions or Concerns?**

Should you have any questions or need further information, please don't hesitate to reach out to us at [info@79photos.com](mailto:info@79photos.com). Our team is here to assist and ensure a fantastic experience for all involved.

Thank you for your cooperation and support. We look forward to capturing stunning portraits of your athletes this weekend!
